Week 03 – Transformed Relationships Through Christ

DISCUSSION:

Loving Relationships move people out of isolation and toward community

Read Luke 15:11-24 and Ephesians 2:1-5

- What do we learn about God from these passages?
- How do these passages help us as we think about our relationships with others?
- Share a time when you were isolated and someone reached out to help you
- Share a time when you reached out to someone else who was isolated
- Who do you know who may need to be pulled out of isolation?

Loving Relationships move us beyond the surface and toward depth and honesty

Read Mark 10:17-27

- What prevents most people from having “tough” conversations?
- How does Christ free us up to have honest relationships?

Loving Relationships move us away from safety and toward generosity

Read Acts 4:32-37

- What are the needs of people in your sphere of influence?
- How does safety prevent us from meeting needs?
- How have others been generous to you?
- How can you express generosity this week?
